INTERNSHIPS

Java Full Stack Developer – EduSkills	Feb 2026 – Mar 2026
• Explored front-end and back-end integration, REST APIs, and database connectivity in Java applications.	
Web Development Intern – Hunar Intern	Jun 2025 – Jul 2025
• Developed responsive web pages using HTML and CSS while improving frontend development and UI design skills.	
Python Development Intern – SkillDzire	May 2025 – Jun 2025
• Built Python mini projects to strengthen programming, debugging, and problem-solving skills.	

PROJECTS

AI Interview Portal (Flask, Python, Gemini API)

- Developed an AI-powered interview platform with secure user authentication and interview history management.
- Integrated the Gemini API to generate role-based questions and provide AI-driven answer evaluation with feedback.

SmartFit Pro Website

- Designed and developed a responsive smartwatch showcase website using HTML, CSS, and Flexbox.
- Enhanced user experience through modern UI design, responsive layouts, and mobile-friendly navigation.

CERTIFICATIONS

Oracle OCI Certified AI Foundations Associate

- Learned AI, Machine Learning, Generative AI, and Oracle Cloud AI fundamentals.

Google Cloud Skills Boost – Generative AI

- Completed practical labs on Generative AI, prompt engineering, and Large Language Models.

Infosys Springboard – Angular Web Developer

- Gained knowledge of Angular, TypeScript, routing, and frontend web development.

Coursera – C Programming Fundamentals

- Learned structured programming, functions, pointers, and memory management using C.

Simplilearn – Python for Beginners

- Acquired fundamental Python programming, scripting, and object-oriented programming skills.

ACHIEVEMENTS

• Awarded a merit scholarship of **Rs.30,000** by the Superintendent of Police for securing a **9.5 SGPA** in the first semester.
